

## Smaller stainless tanks (Fustis)

**Stainless Steel Oil Drums** (fustis) are imported from Italy specifically for the storage of olive oil.

All fustis come with hole near bottom and high quality chrome plated brass spigot.

Airtight to keep down natural oxidation of your oil.

Sturdy 18/10 heavy gauge polished finish.

4 - 3/4 inch opening on 5, 10 and 12 liter drums.

7 - 7/8 inch opening on all other sizes. We keep all sizes in stock.

Note: Weights shown are actual fusti weights. The shipping weight is higher due to size to weight ratio and depends on whether shipped on pallets or boxed.

**All Fusti prices include a high quality chrome plated brass spigot with a tip that can fit into most 50ml bottles.**

**Optional stainless steel spigots are highly recommended if the spigot will be in constant contact with the olive oil. The stainless steel dripless spigot allows you to turn the tip up so that the final drips do not come out.**

**Fustis are 304 grade stainless, perfect for olive oil**
